

NO SMOKING

Smoking and vaping are prohibited in this workplace.

This applies to every enclosed space

offices, the warehouse, the production floor, the CO₂ fill area, vehicles, and within 20 feet of any entrance or operable window.

What is prohibited:

- Cigarettes, cigars, pipes and any other lighted or heated tobacco or plant product
- Electronic cigarettes, vape pens and any other electronic smoking device
- Cannabis in any form

Anyone who smokes or vapes here will be asked to stop. Employees may report a violation to a supervisor, to Sky Pace at (415) 713-3318, or to Cal/OSHA, and may not be retaliated against for doing so.

Compressed gas and flammables are stored and handled on this site. An open flame is a fire and health hazard here, not only a smoking-policy matter.

Alameda Point Beverage Group • Hangar 200, 1951 Monarch St, Suite 200, Alameda CA 94501

Posted under California Labor Code § 6404.5, which requires employers to post clear and prominent “No Smoking” signage at each entrance to an enclosed place of employment. Section 6404.5 also covers electronic smoking devices. Cal/OSHA has no state-issued poster for this requirement, so this notice is issued by the employer.
